Hi there everyone,

This is just a very short newsletter to wish you all a nice break away from the Centre and should you be traipsing off to parts unknown then enjoy yourself. The start of term 4 is Monday October 17th.

As mentioned previously we have several courses starting off in October and even if you are not able to take up the offer yourself then you might be able to direct other people who are not members to our webpage - www.kalamundalearningcentre.org.au If they click on Courses and choose Katherine's Notes Sept 2nd. they will see a description of the new courses. One that is not there yet is Art Studio Visits with Marianne. These have always been very popular. The first one will be on Thursday afternoon October 27th. If you wish to participate then enrol at the desk in the first week of Term 4.

Katherine.
